

## Silver pieces donated to church

A baptismal ewer and dish in silver, as well as a pair of cruets with an underlying tray are being donated to St Paul's church, Valletta, to commemorate 1950 years since St Paul's shipwreck in Malta.

The underlying tray was made by master craftsman Victor Azzopardi on behalf of The Maltese Silver Collection R and was commissioned by Mary Camilleri.

The silver pieces have been engraved with the emblem of St Paul's collegiate church of Valletta as well as the donor's name.

For more information about The Maltese Silver Collection R and other ecclesiastic Commissions, call 2138 5225 or e-mail [info@themaltesesilvercollection.com](mailto:info@themaltesesilvercollection.com).
